ABOUT FCI

Join the Ecosystem Shaping Cross-Border Capital.

Founders Club International is a global agency that connects capital, innovation, and opportunity across the GCC, Europe, and North America. We serve as the bridge between founders, investors, institutions, and governments, delivering curated relationships, strategic advisory, and high-trust ecosystems that compound in value.

Membership is an invitation into rooms that do not open on request: flagship delegations to Riyadh, private investor dinners in New York, and direct introductions to decision-makers shaping Vision 2030, Qatar National Vision, and UAE Centennial 2071.
